REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 8-18 distinguish over the prior art for the reasons discussed in paragraph 2 of Applicants Remarks of 11/16/05 and as below. The Examiner also notes first and second surfaces/ sides of the web are construed to mean the 2 opposing surfaces/ sides of a web as read in view of the specification [0011], and figure 1 and associated text.

The closest electrostatically-related prior art are : FR 1436020 which applies liquid droplets to opposing sides of a paper sheet; US2002/0114884 applies liquid coatings onto opposing sides of metal sheet; US 55508064 and 4781941 apply liquids to opposing sides of a moving sheet; US 4296142 electrostatically applies dry organic particles to opposing, non-contacting sides of an inflated tubular food casing; US 3656455 applies droplets onto moving paper sheets. Given that the coating art does not equate liquid and dry coating particles, it is the Examiner's opinion that the Stated Prior Art does not teach, nor fairly suggest to combine, the cited references to produce the invention in this Application.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Frederick J. Parker whose telephone number is 571/ 272-1426. The examiner can normally be reached on Mon-Thur. 6:15am -3:45pm, and alternate Fridays.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Timothy Meeks can be reached on 571/272-1423. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
